MEMORANDUM FOR: Robert B. Minogue, Director
Office of Nuclear Regulatory Research

FROM: Victor Stello, Jr., Chairman
Committee to Review Generic Requirements

SUBJECT: PROPOSED RULE CHANGE RELATED TO CONSIDERATION OF POTENTIAL
IMPACTS OF EARTHQUAKES ON EMERGENCY PLANNING

I have reviewed your memorandum of September 28 on this subject and agree with your proposal that the package does not warrant CRGR review because the proposed rule does not impose any additional requirements on applicants or licensees and is merely a clarification of existing requirements.
