MEMORANDUM TO: Ted Sherr, Chief
Regulatory and International
Safeguards Branch, FCSS

FROM: Michael Weber, Chief *Original Signed Copy*
Licensing Branch, FCSS

SUBJECT: REPORT ON THE DEPARTMENT OF ENERGY'S TRADE STUDY GROUP
MEETING, ROCKY FLATS, MAY 27-29, 1997

Please find enclosed for your information a copy of Mary Adams' report on the Department of Energy's (DOE) Trade Study Group meeting held at Rocky Flats Environmental Technology Site in Colorado on May 27-29, 1997. Mary participated in the meeting as an NRC observer under the NRC-DOE reimbursable agreement on plutonium disposition. The next meeting of the Trade Study Group will be held on July 8-9, 1997, in Albuquerque, New Mexico. NRC has been invited to make a presentation about the regulations that would apply to plutonium disposition activities, if NRC had authority to regulate all or part of such activities. Unless her other work commitments preclude her participation, I would intend to send Mary to make this presentation at the July meeting under the reimbursable agreement.
