Subject: Termination of Quality Assurance Program  
Approval for Radioactive Material Package

Reference: Approval Number 0711  
Docket Number 71-0711

Dear Mr. Jankovitch:

Please terminate the above referenced Approval. This request replaces all previous applications.

In discussions with you and your staff on May 27, 1997, we requested that you return a corrected copy of the amended Approval to accommodate the pending divestiture of our business. We have reviewed the alternative procedures you proposed to finalize the amendment and determined the program to be unjustifiably costly and complex.

While we regret the result of our application we do appreciate the assistance you and your staff provided.

Sincerely yours,

Leonard R. Smith, CHP
