License No. 29-09632-01

MEMORANDUM FOR: Maureen Moriarty, Section Leader, Licensing Assistance  
Section, NMSS

FROM: John D. Kinneman, Chief, Nuclear Materials Section A

SUBJECT: EXPIRED LICENSE, PETER MASLEY, M.D., CLIFTON, NEW JERSEY

On October 5, 1984, a licensee representative, Dr. Peter Masley, was contacted and informed that License No. 29-09632-01 had expired on April 30, 1984 and that no renewal application had been received. The licensee representative explained that they have received and possessed licensed material, but now possess no licensed material and wish to have the license terminated. This was confirmed in a letter from the licensee dated November 13, 1984.

Based on a review of the information supplied by the licensee and a review of the type and form of material authorized by the license, a close out survey by the licensee is not required and this license may be retired.

Based on the above information, we have retired License No. 29-09632-01. Please remove it from your active shelves.
