Assessment of Seismic Hazard for EUS Nuclear Power Plant Sites  
FIN No. A0448

Dear Phyllis:

Enclosed are two copies of our 189 adding subtask 3.3-3.9. The net additional FY 85 funding needed is \$235K. This will cover subtasks 3.3-3.9 and Tasks 5 and 6 for FY 85. This final version of our 189 reflects the alterations we discussed in our phone conversation on March 26, 1985. We are sending this through our management chain for the required signatures. It will take several weeks for the signed copy to work its way through the system.

If you have any questions, please do not hesitate to call me.

Sincerely,

*Don L. Bernreuter* / 50
