Gentlemen:

Subject: APPLICATION DATED APRIL 22, 1985 FOR AMENDMENT TO  
LICENSE NO. 06-21025-01

This letter refers to your letter dated April 22, 1985 as application to amend your license. Your request to import a nickel-63 gas chromatograph detector cell from Spain as partnumber Buck 2010 and to purchase nickel-63 foils encapsulated in glass to export to Spain has not been reviewed or granted because the NRC has not received the required fee. Therefore, I expect that these procedures have not been implemented and will not be until approved by the Commission, through resubmission of the application and appropriate fee.

If our understandings differ from yours, please respond to this office in writing.

Sincerely,

Original Signed By:
