8. RHO-BW-SA-370P: A Field Test to Assess Effects of Drilling Fluids on Groundwater Chemistry ..., 3/84

Please review each of these documents and submit your comments to me in a single or set of letter report(s). This effort should require less than 3.5 weeks of person effort. The order in which these documents are listed above roughly indicates the priority to be assigned to these reviews.

Last week you were sent a set of documents received from Mike Thompson during the May 1985 Hydrology Workshop. Please scan these documents and telephone me within a week of your receipt of this letter to discuss a strategy for review of these documents.

The action taken by this letter is considered to be within the scope of the
