U.S. Nuclear Regulatory Commission
Attn: Mr. William J. Adam, PhD.
Materials Licensing Section
Region III
799 Roosevelt Road
Glen Ellyn, IL 60137

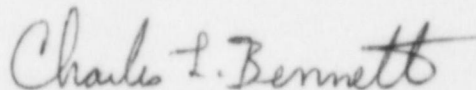

Dear Sir,

As per our conversation this afternoon I am enclosing copies of my certification and certificate of training at Texas Nuclear, this past March. As discussed my name will in fact replace Mr. Charles Bruesch under condition #12 of the license.

Hopefully this fulfills all requirements for renewal of license number 21-12986-01.

Reference Control Number 16707.

Sincerely,

Mr. Charles L. Bennett
I. & C. Eng./Supervisor

LETTER OF CERTIFICATION

This is to certify that

Charles L. Bennett
Martin-Marietta

has attended and successfully completed a course of instruction, conducted under the auspices of Texas Nuclear Corporation and described in the attached Course Agenda. The course covers fundamentals of radiation, units of dose and quality of radiation fields, hazards of radiation exposure, detection devices, regulatory controls, industrial devices and specific training on installation and leak testing of Texas Nuclear density, level and weigh gauges.

The said course of instruction, together with prior experience, is structured to qualify persons who complete it to understand and safely perform various operations involving nuclear devices including the installation, relocation and leak testing of such equipment. The operations are to be done in accordance with the rules and regulations of the United States Nuclear Regulatory Commission and/or "Agreement States", and are in all respects subject to such rules and regulations.

This letter cannot be used in lieu of a specific license from or other sanction by an appropriate regulatory agency.

TEXAS NUCLEAR CORPORATION

W. G. Hendrick

Health Physicist

Certificate Of Training

This is to certify that

CHARLES L. BENNETT

Has Successfully Completed a Radiation Safety Training Course
presented by Texas Nuclear Corporation.

Issued 1st Day Of March 19 85
