License No. 21-12986-01

Gentlemen:

We have reviewed your letter dated January 10, 1984 requesting renewal of NRC License No. 21-12986-01 and find that we will need additional information as follows:

Please provide a summary of the training and experience received by Mr. Charles Bruesch in fixed industrial gauges. Training should, as a minimum, be equivalent to that provided by the manufacturer. Training provided by someone other than the device manufacturer must be described in detail. The description should include the names and qualifications of the instructors, an outline of the training program, duration of the training program, and the method for determining trainee competency.

We will continue our review of your application upon receipt of this information. Please reply in duplicate, within 30 days, and refer to Control Number 16707.

Sincerely,
