United States Nuclear Regulatory Commission  
Materials Licensing Branch  
Division of Fuel Cycle and Material Safety  
Washington, D.C. 20555

Dear Sir:

Martin Marietta has received notice of expiration dated December 1, 1983. This notice is in regard to our license No. 21-12986-01. In order to simplify the license renewal procedure, we wish to utilize the alternative to submit only essential information for your review.

In regard to permit 21-12986-01, Amendment No. 07, in accordance with application dated September 20, 1978, Martin Marietta has made no changes in equipment or location of the licensed material. Under condition No. 12 of the license, a change in supervision has been made. Mr. K. A. Swanson has left the Manistee facility, and for purpose of license Mr. Charles Bruesch will replace Mr. Swanson. All other conditions of licenses are correct and complied with.

In regard to application for by-product for material license submitted on September 20, 1978, in support of above mentioned license, the following changes have been made. Section 1(a) and 1(b) should be Martin Marietta Basic Products, Magnesia Specialties Division instead of Martin Marietta Chemicals, Refractories Division. As of December 1, 1983, we experienced a name change to reflect recent Corporate changes. (See attached postcard.) In Section 4, individual users should now be Mr. S. L. Johnson, Plant Supervisor and Mr. C. L. Bruesch, Periclase Plant General Foreman. Section 5 should list Mr. Charles L. Bennett, I & C Engineer/Supervisor, as the Radiation Protection Officer.

Leak tests performed in March, 1982, were all negative and satisfies condition 13 of license.

Although we have made certain personnel changes since last application for renewal, Martin Marietta contends that use of licensed material is in adherence to all regulations and conditions of existing license. We respectfully request your office to renew our license.

If more information is desired, please do not hesitate to contact me.

## **We Have a New Name!**

Please note in your records that

**Martin Marietta Chemicals  
Refractories Division**

has changed its name to

**Martin Marietta Basic Products  
Magnesia Specialties Division**

Our Address and phone number remain the same.

During this transition period you may see both names as we phase out old documents. Please be assured, we're still the same reliable Martin Marietta business with the same quality products and services.

**MARTIN MARIETTA**
