Attention: Division of Licensing and Regulation

Gentlemen:

Southwest Atomic Energy Associates ("SAEA") and General Electric Company transmit herewith three executed originals and nineteen copies of their joint application for a Class 104(b) construction permit and operating license for their proposed Southwest Experimental Fast Oxide Reactor ("SEFOR"). Advance copies of the Preliminary Hazards Summary Report on SEFOR, which has been incorporated by reference into the attached joint application, have been transmitted to the Commission by my letter dated 9 October, 1964.

Very truly yours,

*George White*
