Edwin I. Hatch Nuclear Plant
Response to Request for Additional Information on
Spent Fuel Pool Regulatory Analysis

Gentlemen:

A request for additional information concerning the spent fuel pool regulatory analysis was transmitted by NRC letter dated May 9, 1997. A response was requested within 30 days. The information requested is beyond the original design basis of the plant and is therefore taking a significant amount of time to research. Based on this, it is requested the due date be delayed from June 8, 1997, to June 23, 1997.

Should you have any comments or questions in this regard, please contact this office.

Sincerely,

H. L. Sumner, Jr.
