Ref: NRC Letter to Boston Edison Company, dtd. April 30, 1985,  
Concerning the December 3-6, 1984 Regulatory Effectiveness Review

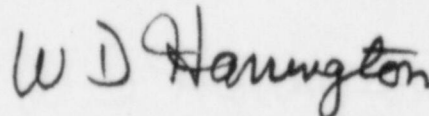

Dear Mr. Vassallo:

This letter is in response to the request for comments as contained in the above referenced letter. Although it was not clearly stated which items were to be commented on, we addressed those which we felt to be appropriate.

We appreciate your acknowledgement of our security-related strengths and your identification of safeguards matters which warranted further consideration. We would also like to thank you for your suggestions for improvement, some of which have already been incorporated, while others are currently being considered.

Our comments on these matters are submitted as Enclosures A, B, and C to this letter. Should you have any further questions, please do not hesitate to contact me.

Very truly yours,

William D. Harrington
