Re: Your letter, dated November 25, 1981, to amend your NRC License Number
12-09155-01.

Gentlemen:

In order to add James T. Barron, M.D., David Gibson, M.D. and Robert A. Marshall, M.D.
as users of Groups I, II, and III:

- a. Please submit evidence that Dr. Barron is licensed by a state or territory
of the United States, the District of Columbia, or the Commonwealth of Puerto
Rico to dispense drugs in the practice of medicine (see Section 35.3(b) of
10 CFR Part 35).
- b. Submit documentation of Dr. Gibson's personal participation in five procedures
to elute Tc-99m, including testing eluates.
- c. Please submit the information requested in Item 5 of NRC Form 313M - Supplement
A to describe Dr. Marshall's experience actually handling radioactive material.
This experience may have been obtained in conjunction with Dr. Marshall's clinical
training, but should be described separately to differentiate this part from
patient examination, image interpretation, etc.
- d. Submit documentation of Dr. Barron's and Dr. Marshall's personal participation
in five procedures to elute Tc-99m, including testing eluates, and five procedures
to prepare radiopharmaceuticals from Group III reagent kits.

In order to add Dr. Barron and Dr. Marshall as users of phosphorus-32 and iodine-131
for therapy as specified in Groups IV and V, you will need to submit documentation of
their experience equivalent to that outlined in Section 4.b. of Appendix A of Regula-
tory Guide 10.8 (enclosed).

We will continue our review of your application upon receipt of this information.
Please reply in duplicate and refer to Control No. 05672.

Sincerely,
