NOTE TO: Tsung Ming Su, Containment Systems Branch, DSS
FROM: R. J. Bosnak, Chief, Mechanical Engineering Branch, DSS
SUBJECT: TASK MANAGER TAP A-39

The Mechanical Engineering Branch has reviewed your Task Action Plan and finds the technical content in our assigned area of review acceptable. Your request for 0.2 man years in FY1978 and 0.1 man years in FY1979 cannot be accommodated during FY78 or FY79 unless some prioritizing of all Category A items is accomplished. The projected demands on our resources exceed our ability to provide them during both FY1978 and FY1979.
