✓ 1 Interim 5-25-84
✓ #2 Interim response

The Honorable Edward Markey, Chairman
Subcommittee on Oversight and Investigations
Committee on Interior and Insular Affairs
United States House of Representatives
Washington, D.C. 20515

Miss [unclear] + Lt.

Dear Mr. Chairman:

This is in response to your March 13, 1984 inquiry on the Grand Gulf Nuclear Power Station license application addressing the (a) numerous license conditions and surveillance procedures; (b) the qualifications of operators; and (c) the drywell cooling system.

In an effort to provide as timely a response as possible, I am providing the staff draft answers to your questions as interim information. Pending the completion of the Commission's review of these answers, a final response will be provided at a later date.

In view of the fact that these responses and attachments have not been made available to the public at this time, it is requested that their use be restricted to the members and staff of the Subcommittee and not made available to the public.

Sincerely,

(Signed) Jack W. Roe

William C. Dircks
