MEMORANDUM FOR: E. H. Johnson, Director, Enforcement Staff
THRU: *[Signature]* G. L. Madsen, Chief, Reactor Project Branch 1
FROM: W. A. Crossman, Chief, Reactor Project Section B
SUBJECT: ALLEGATION IN REGARD TO HARASSMENT OF QUALITY CONTROL
INSPECTOR - WATERFORD 3 (DN: 50-382)

On August 11, 1982, at approximately 1:30 p.m., I received a call from Bill Jones, NRC Engineering Assistant at the Waterford site. He stated that an individual who introduced himself as [REDACTED] gave him a copy of the attached letter. He made the following allegations: (1) He was being harassed by [REDACTED] in regard to inspection of work; (2) He allegedly told other persons he [REDACTED] was going to hang him; (3) [REDACTED] doesn't know the procedures that the men in the field are working to. Other details are contained in the attached letter.

[REDACTED] wants to make known these problems to the NRC, but is not necessarily interested in the NRC investigating them. At least, not at this time.

If the situation develops to the point where an investigation is necessary, we will provide more information, such as the alleged's phone number, residence, etc.

The alleged is not interested in maintaining anonymity, but wants the NRC to be circumspect in revealing his name.

If you have any questions in this regard, please contact me.
