OT case 4-82-013

TO: E. Johnson

THRU: G. L. Madsen, W. A. Crossman *WEL 2/8/83*

SUBJECT: Allegation of Harassment of Quality Control Inspector

I received an inquiry from Brooks Griffin and Dick Herr regarding a copy of a letter dated [redacted] that NRC received from [redacted] addressed to [redacted]. I checked to see what records LP&L QA had regarding corrective action that may have been taken.

Enclosed are two memo's that describe the response of [redacted] management. The problem appears to be adequately resolved. The individual that the allegation was made against was terminated when the allegation was substantiated.

I was not directly involved in this issue at the time, so I do not intend to include anything in one of my inspection reports unless directed to the contrary. I do not think anything would be gained from such a write-up.

If you have any questions, please call me.
