MEMORANDUM FOR: All Employees

FROM: James G. Keppler  
Regional Administrator

SUBJECT: REVISED FY85 STAFFING PLAN

Attached for your information is the revised FY85 RIII Staffing Plan as approved by Headquarters, and updated to reflect personnel changes which have occurred through March 17, 1985.

However, in order to better focus management attention and resources on the completion of the remaining NTOL plants in Region III, I am re-aligning Regional project responsibilities. These re-alignments, effective 4/14/85, are reflected on the attached block diagrams and revised pages 4, 5, 6, 10, 13, and 16 of the staffing plan.
