Dear Mr. Holonich:

Enclosed are four original signature pages for the final Remedial Action Plan (RAP), for the Maybell, Colorado, Uranium Mill Tailings Remedial Action Project site, that have been executed by both the Department of Energy (DOE) and the State of Colorado. As you are aware, your written concurrence not only officially publishes the RAP, it also incorporates it into the Cooperative Agreement between the DOE and the state of Colorado. Upon your execution, please retain a copy of the signature page for your records and return the remaining three to this office.

Thank you for your cooperation in this matter and, as always, if you or your staff have any questions regarding this transmittal or you require additional information, please feel free to contact me at (505) 845-5637.

Sincerely,

L. A. Woodworth
