Dear Dr. Adam:

As part of the October 7, 1985 amendment request for the above referenced licenses, we requested that Frank Demeis and Verne Y. Tabacon be approved as auditors under the modifying order. You requested information on both men.

I am enclosing a copy of a Syncor California radioactive material license, number 4395-70MD, where Verne Y. Tabacon is listed as an authorized user.

I am withdrawing Frank Demeis' name, not because he lacks the qualifications, but because he is no longer available as an auditor.

I have enclosed no renewal fee as this letter is a clarification of an earlier request. If you should require further information, please contact me at 619-299-2610.

Sincerely,

NUCLEAR PHARMACY INCORPORATED and  
SYNCOR INTERNATIONAL CORPORATION
