Gentlemen:

We recently submitted our "Application for Byproduct Material License - Use of Sealed Sources in Radiography" for your consideration and approval.

At this time we wish to make a change in our application. We are requesting that the enclosed Page 1 of Form NRC-313R be inserted in place of the original Page 1. This change affects Item 3, Locations Where Sealed Sources Will Be Used and/or Stored.

We wish for our application to read "All States".

We hope that this change meets with your approval. If not, please advise.

Respectfully submitted,

TUMBLEWEED X-RAY COMPANY
