016

Mr. Richard Jacobs
Washington Document Service
918 16th Street, Suite 400
Washington, DC 20006

OCT 4 1985

IN RESPONSE REFER
TO FOIA-85-478

Dear Mr. Jacobs:

This is in response to your letter dated July 2, 1985, in which you requested, pursuant to the Freedom of Information Act (FOIA), copies of all records provided to and received from any Congressional member, committee or subcommittees regarding any pending or completed escalated enforcement action commenced against any power reactor licensee or applicant since January 1, 1984.

The documents identified on the enclosed appendix are being placed in the NRC Public Document Room (PDR) located at 1717 H Street, NW, Washington, DC 20555, in file folder FOIA-85-478 in your name. Copies of the Enforcement Notifications are maintained in the PDR, compiled in notebooks and also in the docket case file to which they pertain.

In addition, correspondence between NRC and Congressman Markey related to the Grand Gulf nuclear power plant was addressed in our response to a previous FOIA request. You may obtain access to the request by requesting file folder FOIA-85-186 under the name Cunningham, which is also maintained in the PDR.

Finally, enforcement actions relating to the Comanche Peak, Waterford, and Three Mile Island nuclear power plants were specifically discussed in open hearing or in information transmitted for the record of the March 22, 1985, hearing before the House Appropriations Subcommittee on Energy and Water Development. The Government Printing Office publication on Energy and Water Development Appropriations for 1985 Hearings Before a Subcommittee of the Committee on Appropriations, House of Representatives, Ninety-Eighth Congress, Second Session (Part 6, 1984), is publicly available. The document is for sale through the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

Sincerely,

J. M. Felton, Director
Division of Rules and Records
Office of Administration

Enclosure: As stated
