Subject: QUADRIPARTITE MEETING

Thank you for your email message of November 11, 1996. The Advisory Committee on Reactor Safeguards (ACRS) met in December and discussed the proposed arrangements for the Quadripartite Meeting presented in your message. The Committee responses are as follows:

Item 1 (1) Date:

Preferred Date: October 20-24, 1997

Item 2 (2) Theme:

Preferred Items from the American List:

- (a) Risk-Based Regulation
- (b) Fire Modeling
- (d) Steam Explosions
- (e) Steam Generator Operating Experience, focusing on failure mechanisms (thermal hydraulics, materials)

Preferred Items from the Japanese List:

- (b) High Burn-Up Fuel (broadly based; not limited to Reactivity Insertion Accidents)

Item 3 Site Visiting:

- c. ABWR (TEPCO: Niigata-ken)

The ACRS agrees with the other meeting arrangements proposed in your message. Please advise us when you have received replies from the other participating countries.

We wish you all a Happy New Year!
