Re: NRC Inspection Report 150-00042/97-01

Subject: **Reply to a Notice of Violation**

Item 1 Reason for Violation: Gilbert Central Corp. was in violation of NRC regulations due to a clerical oversight in not filing form -241 in the proper time to meet the NRC regulations.

Items 2 & 3 Corrective Steps: GCC will have a checklist in place to check of regulatory requirements before transferring any nuclear gauges to non-agreement states.

Item 4 Full Compliance: Full compliance was achieved on February 17, 1997, three days after Form-241 was filed

Should you have any other questions or comments you may contact the undersigned.

Sincerely
