Greetings:

Please amend our byproduct materials license number 06-00679-01 as follows:
Our license application ATT9.1 designated the eighth floor of the O'Brien building as the floor where therapeutic use of byproduct materials will take place. We wish to broaden this permission to use any room in the hospital which would meet the guidelines set forth in Reg. Guide 10.8 Rev. 2, Appendices P and Q. For example, following renovation, the seventh floor rooms 703 and 714 will be considered the primary and secondary choices for performing these procedures. The nursing staff from the eighth floor which has received training in the handling of these patients will be moving to the seventh floor.

Additional information will be available upon request. Enclosed is a check for 440.00 for this amendment. Thank you.

Sincerely yours,

Sister Marguerite Waite
