

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

April 30, 1997

The Honorable Luis Antonio Chao Gómez
Presidente de la Comisión de Industria,
Comercio y Turismo del Senado de España
Plaza de la Mariana España
28013 Madrid, Spain

Dear Senator Chao:

I received your April 1, 1997 letter regarding the establishment of a Subcommittee in your Senate to study issues dealing with high-level waste, and your request to discuss this with me or another NRC official in Madrid on May 22. I also received your letter of April 22 advising me that your Subcommittee will be in the United States the second week of May and that you will be able to meet on May 12.

My schedule does not permit me to travel to Madrid for discussions on May 22. However, I, along with other available NRC Commissioners, would be pleased to meet with you and the Subcommittee on May 12, and I suggest the meeting be held here at NRC. Further, I think it would be useful for you to meet also with some of our technical staff who have extensive experience dealing with waste issues.

Please advise me of the time you would like to meet on May 12, and if you would like also to meet with technical staff and I will see that arrangements are made.

Sincerely,

Shirley Ann Jackson
