Dear Sir:

On March 1, 1997 the LabCorp facility located at 13900 Park Center Road, Herndon, Virginia discontinued all testing utilizing the Iodine 125 isotope. The NRC license 45-15355-01 needs to be amended to reflect this change to a storage only facility. The solid waste will continue to be stored and discarded in the manner as set forth in the current license.

The license also needs to be amended to reflect a change in staffing. Please remove Anil K. Saxena from "Condition 12" of the current license.

Enclosed is a check for \$300.00, fee rate P3.

Thank you very much for your assistance in this matter. If additional information is needed please contact me at the above address or 703-904-3424.

Sincerely,

A handwritten signature in cursive script that reads 'Rebecca D.H. Ashley'.
