

BWRVIPBWR Vessel &
Internals Project

Issue Management and Resolution

MEMORANDUM

June 16, 1997

Document Control Desk
U. S. Nuclear Regulatory Commission
11555 Rockville Pike
Rockville, MD 20852

Attention: C. E. Carpenter

Subject: Proprietary version of "BWR Vessel and Internals Project Quantitative
Safety Assessment of BWR Reactor Internals (BWRVIP-09)", May, 1997

On April 29, 1997 members of the BWRVIP Assessment Committee presented the results of the BWRVIP Safety Assessment Report (BWRVIP-06) to the NRC at a meeting in San Jose, CA. During this meeting the NRC requested copies of the above-referenced report. In response to this request, please find ten copies of the above-referenced report. These copies are being provided for information only to support your completion of the BWRVIP-06 safety evaluation.

Please note that the enclosed proprietary document contains proprietary information. A letter requesting the report be withheld from public disclosure and affidavits describing the basis for withholding this information are provided as Attachment 1.

If you have any questions on this subject please call Robin Dyle, BWRVIP Repair Committee Chairman, Southern Nuclear, at (205) 992-7121.

Sincerely,

Carl Terry
Niagara Mohawk Power Company
Vice Chairman, BWR Vessel and Internals Project
