Gentlemen:

Subject: Inspection 50-423/86-02 (1/7/86-2/24/86)

This refers to the routine inspection by Messrs. T. Rebelowski, F. Casella, and J. Shedlosky of this office from January 7 to February 24, 1986 at the Millstone Point Nuclear Power Station, Unit 3. The inspection findings were discussed with Mr. Crockett and other members of your staff during and at the conclusion of the inspection.

During this inspection period, a number of operational events occurred, including licensee identified violations, which required corrective actions. These events and the related corrective actions were the topic of a meeting at the Region I office on March 13, 1986. Details of that meeting have been provided under separate correspondence (NRC Meeting Report 50-423/86-05).

No violations were identified and no reply to this letter is required.

Thank you for your cooperation.

Sincerely,
