Gentlemen:

We received your letter of March 27, 1978, and a proposal for continuation of the monitoring program for the 160-acre test area south of your Sequoyah Facility.

Your request for amendment of License SUB-1010 is subject to a minor safety and environmental amendment fee of \$3,500 as specified in fee Category 2C of Section 170.31 of Part 170, copy enclosed. Payment should be made to the U.S. Nuclear Regulatory Commission and mailed to the attention of Mr. Douglas Weiss, License Fee Management Branch. When submitting the fee, please refer to CONTROL NUMBER 08885.

Please note Footnotes 1(d) and 4 of Section 170.31, which provide that upon completion of the licensing review, the Commission will review its expenditures for professional manpower and appropriate support services; recompute the amendment fee, and, if necessary, refund any overcharges.

Your application will be sent to our Licensing staff for processing upon receipt of the \$3,500 fee.

Sincerely,
