Gentlemen:

In accordance with the Council on Environmental Quality's Guidelines of April 23, 1971, and the Commission's regulations, 10 CFR Part 50, Appendix D, implementing the National Environmental Policy Act, enclosed is a report entitled, "Applicant's Environmental Report - Uranium Hexafluoride Plant," prepared by Kerr-McGee Corporation.

Also enclosed is a copy each of the summary notice which is being published in the Federal Register and the public announcement which is being issued with respect to availability of the report.

We appreciate your assistance in making the report available to the public.

Sincerely,

Original Signed by
S. H. Smiley

S. F. Smiley, Director
Division of Materials Licensing
