- 1) Letter, T. E. Collins (USNRC) to N. J. Liparulo (Westinghouse), "WCAP-14449-P (TAC No. M94035), Request for Additional Information", September 5, 1996.

Attached is a series of preliminary responses to Request for Additional Information (RAI) on WCAP-14449-P, "Application of Best Estimate Large Break LOCA Methodology to Westinghouse PWRs With Upper Plenum Injection". These RAI were provided to Westinghouse via Reference 1. Westinghouse will be working with the NRC and their consultants to finalize these responses. Once agreement is reached on the final responses, Westinghouse will also submit non-proprietary versions in accordance with standard procedures.

This submittal contains Westinghouse proprietary information consisting of trade secrets, commercial information or financial information which we consider privileged or confidential pursuant to 10 CFR 2.790. Therefore, it is requested that the Westinghouse proprietary information attached hereto to be handled on a confidential basis and be withheld from public disclosures.

Correspondence with respect to this letter should also reference the Application for Withholding and accompanying Affidavit (AW-95-877) submitted on August 31, 1995.

This material is for your internal use only and may be used for the purpose for which it is submitted. It should not be otherwise used, disclosed, duplicated, or disseminated, in whole or in part, to any other person or organization outside the Commission, the Office of Nuclear Regulation, the Office of Nuclear Regulatory Research and the necessary subcontractors that
