Mr. J. C. Malero, Chief  
Materials Branch  
Directorate of Licensing  
U.S. Atomic Energy Commission  
Washington, D. C. 20545

Dear Mr. Malero:

This transmits an evaluation of the Kerr-McGee Corporation, Sequoyah Uranium Hexafluoride Plant environmental impact analysis.

Part I of our report contains observations of deficiencies in the analysis together with recommendations on remedial action which should be taken. In our judgment, these deficiencies should be corrected by the applicant.

Part II contains comments on the analysis which we feel would be helpful both to you and the applicant. However, no remedial action is suggested on these items.

I am also enclosing the original notes prepared by members of our review team in accord with your request.

Yours truly,

*Norman A. Evans*
