Dear Ms. Jenner:

Thank you for your recent letter. In February 1975, the NRC staff published a detailed Final Environmental Statement covering the operations at Kerr-McGee's Sequoyah facility in Gore. This document is identified as NUREG-75/007 and is available for \$9.75 from the National Technical Information Service, Springfield, Virginia 22161. More recently, in connection with Kerr-McGee's application to renew its operating license for the uranium hexafluoride plant, the staff completed an Environmental Impact Appraisal; a copy of this document is enclosed for your information.

Sincerely,

FI
Frank Ingram
