Dear Mr. Rothfleisch:

I have enclosed 10 copies of an answer to your June 17 letter. Two of the answers are delayed since they are more voluminous and require outside assistance. I would propose that upon completion of answers to the last letter, Kerr-McGee would print all of the answers in the number of copies required for distribution so as to make your correlation and distribution more convenient. Please let me know if you concur with this suggestion.

Sincerely yours,

W. J. Shelley, Director
Regulation and Control
