Dear Mr. Rothfleisch:

Please refer to my letter of July 2 regarding answering your request for dose estimation for the expanded Sequoyah Facility.

In accordance with our telephone conversation, we were unable to meet the July 25 date because of analytical and computational difficulties. The set of data for the 10 primary points of interest will be mailed August 16, and our consultant has promised the 50-mile data August 22.

We regret this delay in responding to your request.

Very truly yours,

W. J. Shelley
