Dear Mr. Rothfleisch:

Please refer to your letters of June 2 and May 20, 1977, requesting certain additional information in regard to the environmental impact of the expansion of our Sequoyah Conversion Facility. It now appears it will be approximately July 25 before the information requested can be supplied. We have had several difficulties in securing reliable isotopic analysis from the appropriate plant streams, thus delaying the project.

Very truly yours,

*W. J. Shelley*
