Re: Nuclear Regulatory Commission ("NRC") Decommissioning Study and
Site Assessment of the Glenville Enterprise Center

Dear Stephanie:

For your information, I received a phone message from John Buckley of the NRC today. Mr. Buckley confirmed that Gould's environmental consultant, Severson, had to reconfigure a database due to the loss of an employee. The anticipated date of completing the data is June 20th. Severson committed to complete the report and deliver their site plan and decommissioning study on June 27, 1997.

I will contact Mr. Buckley the first week of July to confirm his receipt of the information necessary to complete their review of the decommissioning plan.

If you have any questions, please call me.

Very truly yours,

Mara E. Cushwa
