

X-Ray Industries, Inc.
ATTN: Kurt J. Andrews
Chief Financial Officer
1961 Thunderbird Street
Troy, MI 48084

May 19, 1997

Dear Mr. Andrews:

I am responding to your April 8, 1997, letter in which you stated there were numerous, serious deficiencies and errors in the Dun & Bradstreet report we enclosed with our March 14, 1997, letter denying X-Ray Industries, Inc., small entity status under the manufacturing industry size standard for Invoice AM4983-96 for Quality Assurance Program Approval No. 0158.

Based on the above, we are requesting that the U.S. Small Business Administration (SBA) make a formal size determination and SIC code designation for X-Ray Industries, Inc., and its related companies (see the enclosed copy of 13 CFR 121.503 and 13 CFR 121.901). In addition to any notification the SBA may provide you, the NRC will inform you of the resulting action with regard to the NRC's annual fees. In accordance with 10 CFR 15.37(j), I am extending the interest waiver period until a final determination is made for any additional amounts that may be due for Invoice AM4983-96.

If you have any questions concerning this matter, please contact Cheryl A. Phillips of my staff at 301-415-6089.

Sincerely,

James Turdici, Director
Division of Accounting and Finance
Office of the Controller

SIZE ELIGIBILITY REQUIREMENTS FOR SALES OR LEASE OF GOVERNMENT PROPERTY

§ 121.501 What programs for sales or leases of Government property are subject to size determinations?

Sections 121.501 through 121.512 apply to small business size determinations for the purpose of the sale or lease of Government property, including the Timber Sales Program, the Special Salvage Timber Sales Program, and the sale of Government petroleum, coal and uranium.

§ 121.502 What size standards are applicable to programs for sales or leases of Government property?

(a) Unless otherwise specified in this part—

(1) A concern primarily engaged in manufacturing is small for sales or leases of Government property if it does not exceed 500 employees;

(2) A concern not primarily engaged in manufacturing is small for sales or leases of Government property if it has annual receipts not exceeding \$2 million.

(b) Size status for such sales and leases is determined by the primary industry of the applicant business concern.

§ 121.503 Are SBA size determinations binding on parties?

Formal size determinations based upon a specific Government sale or lease, or made in response to a request from another Government agency under § 121.901, are binding upon the parties. Other SBA opinions provided to contracting officers or others are only advisory, and are not binding or appealable.

§ 121.504 When does SBA determine the size status of a business concern?

SBA determines the size status of a concern (including its affiliates) as of the date the concern submits a written self-certification that it is small to the Government as part of its initial offer including price where there is a specific sale or lease at issue, or as set forth in § 121.903 if made in response to a request of another Government agency.

§ 121.505 What is the effect of a self-certification?

(a) A contracting officer may accept a concern's self-certification as true for the particular sale or lease involved, in the absence of a written protest by other offerors or other credible information which would cause the contracting officer or SBA to question the size of the concern.

(b) Procedures for protesting the self-certification of an offeror are set forth in §§ 121.1001 through 121.1006.

§ 121.506 What definitions are important for sales or leases of Government-owned timber?

(a) *Forest product industry* means logging, wood preserving, and the manufacture of lumber and wood related products such as veneer, plywood, hardboard, particle board, or wood pulp, and of products of which lumber or wood related products are the principal raw materials.

(b) *Logging of timber* means felling and bucking, yarding, and/or loading. It does not mean hauling.

(c) *Manufacture of logs* means, at a minimum, breaking down logs into rough cuts of the finished product.

(d) *Sell* means, in addition to its usual and customary meaning, the exchange of sawlogs for sawlogs on a product-for-product basis with or without monetary adjustment, and an indirect transfer, such as the sale of the assets of a concern after it has been awarded one or more set-aside sales of timber.

(e) *Significant logging of timber* means that a concern uses its own employees to perform at least two of the following: felling and bucking, yarding, and loading.

§ 121.507 What are the size standards and other requirements for the purchase of Government-owned timber (other than Special Salvage Timber)?

(a) To be small for purposes of the sale of Government-owned timber (other than Special Salvage Timber) a concern must:

(1) Be primarily engaged in the logging or forest products industry;

(2) Not exceed 500 employees, taking into account its affiliates; and

(a) Whose number of employees, including affiliates, does not exceed 500 persons; and

(b) Which has not assigned, granted, conveyed, or licensed (and is under no obligation to do so) any rights in the invention to any person who made it and could not be classified as an independent inventor, or to any concern which would not qualify as a non-profit organization or a small business concern under this section.

§ 121.803 Are formal size determinations binding on parties?

Size determinations by authorized SBA officials are formal actions, based upon a specific patent application pursuant to the rules of the Patent and Trademark Office, Department of Commerce, and are binding upon the parties. Other SBA opinions provided to patent applicants or others are only advisory, and are not binding or appealable.

§ 121.804 When does SBA determine the size status of a business concern?

Size status is determined as of the date of the patent applicant's written verification of size.

§ 121.805 May a business concern self-certify its size status?

(a) A concern verifies its size status with its submission of its patent application.

(b) Any attempt to establish small size status improperly (fraudulently, through gross negligence, or otherwise) may result in remedial action by the Patent and Trademark Office.

(c) In the absence of credible information indicating otherwise, the Patent and Trademark Office may accept the verification by the concern as a small business as true.

(d) Questions concerning the size verification are resolved initially by the Patent and Trademark Office. If not verified as small, the applicant may request a formal SBA size determination.

SIZE ELIGIBILITY REQUIREMENTS FOR COMPLIANCE WITH PROGRAMS OF OTHER AGENCIES

§ 121.901 Can other Government agencies obtain SBA size determinations?

Upon request by another Government agency, SBA will provide a size determination, under SBA rules, standards and procedures, for its use in determining compliance with small business requirements of its statutes, regulations or programs.

§ 121.902 What size standards are applicable to programs of other agencies?

(a) *SBA size standards.* The size standards for compliance with programs of other agencies are those for SBA programs which are most comparable to the programs of such other agencies, unless otherwise agreed by the agency and SBA.

(b) *Special size standards.* (1) Federal agencies or departments promulgating regulations relating to small businesses usually use SBA size criteria. In limited circumstances, if they decide the SBA size standard is not appropriate, then agency heads may establish a small business definition for the exclusive use of such program which is more appropriate, but only when:

(i) The size standard is first proposed for public comment pursuant to the Administrative Procedure Act, 4 U.S.C. 553;

(ii) The proposed size standard provides for determining size measured by average number of employees over 12 months for manufacturing concerns, average annual revenues over three years for concerns providing services, and data over a period of not less than three years for all other concerns (unless approved by SBA, "annual receipts" and "number of employees" must be determined in accordance with §§ 121.104 and 121.106, respectively); and

(iii) The proposed size standard is approved by SBA's Administrator.

(2) In order to receive the approval of SBA's Administrator, the agency head must:
