SUBJECT: Transmittal of Additional Page to PGE-1060, Revision 5,
Trojan Nuclear Plant Permanently Defueled Emergency Plan

REFERENCE: VPN-042-97, May 13, 1997, S. M. Quennoz to NRC Document Control Desk

It has come to our attention that a page was omitted from some copies of the recently issued revision to PGE-1060, "Trojan Nuclear Plant Permanently Defueled Emergency Plan." Page A-25 was included as part of Revision 5 but, due to administrative error, was not distributed to some copy holders. A copy of this page is enclosed in the event page A-25 was not included in your copy of the previously issued revised pages.

Please contact me at (503) 556-7480 if you have any questions.

LETTER OF AGREEMENT
BETWEEN
PROFESSIONAL COMMUNICATION SERVICES
AND
PORTLAND GENERAL ELECTRIC COMPANY

This agreement, entered into by and between Professional Communication Services (PCS) and Portland General Electric Company (PGE), provides for emergency notifications to be made to designated state and county government agencies in the event of an emergency at the Trojan Nuclear Plant. The intent of this agreement is to establish a process whereby government agencies are notified within 30 minutes of an emergency declaration at Trojan.

PGE agrees to notify PCS immediately upon the declaration of an emergency at Trojan and to provide PCS the emergency information to be transmitted to designated state and county government agencies. PCS agrees to promptly perform notifications upon request of the Trojan operating staff and the receipt of the accompanying emergency information. Those agencies to be notified by PCS are:

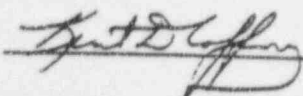

- (1) Columbia County, Oregon, via the Columbia 9-1-1 Communications District Dispatcher.
- (2) Cowlitz County, Washington, via the Cowlitz County Emergency Management 9-1-1 Dispatcher.
- (3) State of Washington via the Washington Emergency Management 24-hour Duty Officer.
- (4) State of Oregon via the Oregon Emergency Response System Duty Officer.

PCS agrees to reasonably maintain staffing and communication systems and equipment to assure its 24-hour capability to promptly perform emergency notifications on behalf of PGE. PCS agrees to periodically test or otherwise verify notification procedures and telephone numbers. PGE agrees to provide procedures, training, and related support acceptable to PCS to enable PCS to fulfill its part of this agreement.

Both parties agree to hold harmless the other party, its agents, employees, successors, and assigns, from and for any and all liability, loss, cost, damage, penalty, charge or expense suffered; and from any claim, demand, or judgment arising out of the services provided by PCS under this agreement.

PCS agrees to invoice PGE annually and PGE agrees to pay a mutually agreed upon amount for the services rendered by PCS under the terms of this agreement. The term of this agreement shall be from the date of its execution by both parties and shall continue thereafter on a year-to-year basis, unless canceled by either party upon 90-day prior written notice to the other.
