U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555Re: Agreement State Views on Need for Reaffirmation of Modification of Existing  
Agreements

Dear Mr. Lohaus:

The Illinois Department of Nuclear Safety agrees with the conclusion by U.S.  
Nuclear Regulatory Commission staff in their paper entitled "The Evaluation of  
Current State Agreements, that"no modification or reaffirmation of current Agreements is necessary  
for implementation of the "Statement of Principles and Policy for the  
Agreement State Program" and the "Policy Statement on Adequacy and  
Compatibility of Agreement State Programs."If you have any further questions regarding this matter, please contact me or  
Steve Collins at 217-785-9935 or "collins@idns.state.il.us".

Sincerely,

  
Thomas W. Ortziger  
Director
