Good Afternoon Steve –

Thank you for following up, I concur with this. As communicated on May 13, 2020, the purpose of the draft LTSP transmittal and letter to NRC on April 29, 2019, was to fulfill the DOE action to submit a draft Split Rock, WY disposal site LTSP to NRC for formal review as part of the UMRCA Title II site transition process. We understand that the document will be made publicly available on ADAMS in alignment with past draft LTSP submittals. Please let me know if you have any further questions. For your convience you can find a copy of the DOE UMRCA Title II site transition guidance document on our webpage [here](#).

Best,

**Tashina R. Jasso**

Tashina,

Based on discussions during our phone meeting on Wednesday May 13, 2020, I will make the attached documents publicly available in ADAMS. Additionally, it is understood in the meeting when you clarified that the DOE is providing the attached documents to the NRC for official review and comment.

Let me know if you have any additional questions or comments.

Thanks,

Steve
