Betsy,

Thank you for the feedback. If possible as the license holder I would like the Final Status Survey Plan added to license STB 1554. If there is anything specific you require please let me know. Thanks again.

Very Respectfully,
Matthew K. Church

Yes, we can do a review if this is submitted as an amendment request to the license. Is that what you want? We cannot review drafts of plans or approve plans informally.

Betsy;

It has been some time since we last discussed the Watervliet Arsenal's RAM licence (STB-1554). As you may recall, SIA Solutions is working with the Army to conduct a final status survey of the Arsenal's DU facilities. We hope to show that the survey results will demonstrate compliance with the NRC's decommissioning requirements. At this point, we would like your review of the survey plan (attached). We would like to have NRC's comments on the plan, prior to conducting the survey. Please let us know if a timely review is possible.

Thank you for your attention throughout this process.
