Sargent & Lundy Responses to
Report of NRC Inspection,
Report Number 99900507/78-02

Mr. Uldis Potapovs
Chief, Vendor Inspection Branch
U. S. Nuclear Regulatory Commission
611 Ryan Plaza Drive
Suite 1000
Arlington, Texas 76011

Dear Mr. Potapovs:

This letter is in response to your letter dated October 16, 1978 requesting additional information concerning the deviation identified as Item A in the Notice of Deviation.

In order to determine that this deviation does not exist for other documents (design criteria and drawings) an audit will be conducted to investigate this area. Appropriate corrective action will be taken depending on the results of the audit. The audit will be completed by December 1, 1978.

In order to preclude recurrence of the deviation, all responsible personnel have been cautioned to conform to all requirements of the procedures. This action was indicated in our response of September 21, 1978, and documentation of the action is on file for your review.
