Mr. Dixon Hoyle, Director
Office of Program Implementation
Bureau of Oceans and Scientific Affairs
U.S. Department of State
Washington, D.C. 20520

Dear Mr. Hoyle:

Hewlett-Packard has requested authority to retransfer less than 20 millicuries of Nickel-63, originally exported under general license to Austria, to Hungary. A copy of the request is attached.

Before taking action on this request, we would appreciate the views of the Executive Branch as to whether approval for the retransfer would be inimical to the interests of the United States, including the common defense and security.

Sincerely,

R. D. Moore
