Gentlemen:

This refers to the meeting conducted by Messrs. Karl V. Seyfrit, G. L. Madsen and E. H. Johnson of this office on August 18, 1978, of activities authorized by NRC Operating License DPR-46, for the Cooper Nuclear Station.

The meeting was conducted for the purpose of reviewing the inspection program conducted by the Office of Inspection and Enforcement and to discuss the licensee's enforcement history. Also discussed were items of current concern to the regional office staff. Within the scope of this meeting no items of noncompliance were identified.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If this report contains any information that you or your contractors believe to be proprietary, it is necessary that you make a written application within 20 days to this office to withhold such information from public disclosure. Any such application must include a full statement of reasons on the basis of which it is claimed that the information is proprietary, and should be prepared so that proprietary information identified in the application is contained in a separate part of the document. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.
