Re: Pacific Gas & Electric Company
Stanislaus Nuclear Unit No. 1,
NRC Docket No. P-564-A.

Dear Jack:

In accordance with your approval of November 9 which was awaiting me on my return to the office, I have revised the proposed Stipulation as outlined in my letter of November 1. Because of the length of the addition, it has been impossible to interlineate. In an effort to attempt to speed things up, I am suggesting, by copy of this letter, that each of the parties execute a separate copy of the revised third page of the Stipulation in counterpart form which can then be submitted to the Board by Staff with a letter of explanation.

Yours very truly,

Robert C. McDiarmid

agreed to by the parties without waiver of any position which may be advanced relating to other produced documents.

Upon termination of this matter (docket No. P-564-A) all copies created under the terms of this order shall be returned to PG&E or destroyed, provided that if at that time Federal Energy Regulatory Commission docket numbers ER78-163 or EL78-3, or both, are not closed, DWR may retain its copies until such time as both those dockets have been closed and provided that if at that time Federal Energy Regulatory Commission Docket Nos. E-7777 (Phase II), E-7796 or Helms Creek, or all of them are not closed (together with appeals or remands from decision in those dockets) NCPA may retain its copies until such time as all these dockets have been closed and Anaheim and Riverside may retain their copies until such time as both the first two of those dockets have been closed.
