

Memo #026-87

February 12, 1987

Glenda Jackson
License Fee Management
Office of Administration
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Ms. Jackson:

Reference to: Control Numbers 105451
005452
105453

This letter is notification that the company registered with your office as Dade/Baxter Travenol Diagnostics, Inc., conducting business from the address at 600 Memorial Drive, Cambridge, MA 02139, has undergone a name change. The new name is Dade a division of Travenol Laboratories, Inc., also known as Dade, Travenol Laboratories, Inc. The site continues to answer to the brand name Clinical Assays and to conduct business from the same address. Please note this represents a change in name only.

The company's field branch licenses are currently in the renewal process. We have been advised that this name change may be incorporated into the in-process license renewals.

In addition, please be advised that, effective March 13, 1987, Martha A. Daigle, MPH, will assume the function of Radiation Protection Officer. Until that time, Edward Savard, Ph.D., remains the site Radiation Protection Officer.

Sincerely,

Nancy A. Hornbaker
Manager
Regulatory Affairs
