Docket No. 40-8209

Germantown Laboratories, Inc.  
ATTN: Dr. A. V. Grosse, Director  
4150 Henry Avenue  
Philadelphia, Pennsylvania 19144

Gentlemen:

Subject: Inspection 78-02

This refers to the inspection conducted by Mr. J. Davis of this office on August 23, 1978 of activities authorized by NRC License No. SMC-1196 and to the discussions of our findings held by Mr. Davis with yourself at the conclusion of the inspection.

The inspection was an examination of activities conducted under your license as they relate to radiation safety and to compliance with the Commission's rules and regulations and the conditions of your license. The inspection consisted of selective examinations of procedures and representative records, interviews with personnel, measurements made by the inspector, and observations by the inspector.

Our inspector also verified the steps you have taken to correct the items of noncompliance brought to your attention in a letter dated February 27, 1978. We have no further questions regarding your action at this time.

From the discussions of our findings at the conclusion of the inspection it is our understanding that you plan to place all of the radioactive material that you possess in sealed plastic bags which will be stored only in your authorized storage area.

Within the scope of this inspection, no items of noncompliance were observed.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter will be placed in the Public Document Room.
